Dear Glen,

Thank you so much for being our celebrant on our wedding day 5th January 2013. It was brilliant to have somebody who could make our day so special. You kept us both calm especially J who was waiting on my arrival and you calmed my nerves once I got there. It was so nice to deal with someone who understood our sense of humour and was happy to let us create the wedding ceremony we wanted. So many of our guests said you helped create the relaxed environment that we so wanted on the day and for this we thank you.

We would also like to make special mention of Natalie who was brilliant in advising us on aspects of the ceremony and in any correspondence we needed to have with you.

We are absolutely delighted with the way the ceremony went and have no hesitation in recommending you as a celebrant.

Kindest regards

Sal & J
